## PROFESSIONAL SUMMARY

ICT Applications Development graduate from Cape Peninsula University of Technology with full-stack development experience using Java, Spring Boot, React, Vue.js, and MySQL. Strong foundation in object-oriented programming, RESTful API development, and database design. Experienced in building scalable, data-driven applications through academic projects in Agile environments. Eager to contribute to a software development team and grow as a junior developer.

## SKILLS SUMMARY

**programming Languages:** Java

**Frameworks & Libraries:** Spring Boot · Vue.js · React

**Databases:** MySQL

**Tools & Platforms:** Git · GitHub

**Concepts:** Object-Oriented Programming (OOP) · RESTful API · Agile Methodology · Test-Driven Development (TDD) · Database Design · API integration

**Soft Skills:** Team Collaboration · Problem-Solving · Adaptability · Time Management · Communication

## PROJECTS

### Subject Tracker System

Jun 2025 – Nov 2025

Cape Peninsula University of Technology · Cape Town

- **Led development of a full-stack academic tracking application** (Java + React) with a **5-member team**, delivering full CRUD functionality for subject and marks management after a structured planning phase followed by active coding starting in **June**.
- **Designed RESTful APIs with Spring Boot** for automated performance calculations, reducing manual tracking effort and improving accuracy of grade insights for students.
- **Optimized a MySQL relational database** and used Git/GitHub for version control, ensuring smooth collaboration and consistent progress across the team

### Full-Stack Web Application (Capstone Project)

Feb 2025 – Dec 2025

Cape Peninsula University of Technology · Cape Town

- **Built a full-stack web application** (Spring Boot + Vue.js) with RESTful APIs over a **10-month development cycle**, enabling smooth frontend-backend integration and supporting core business functionality end-to-end.
- **Designed a normalized MySQL database schema** and implemented JUnit-based TDD, improving data integrity and reducing bugs before deployment.
- **Collaborated with a 5-member Agile team** using Git/GitHub for version control, contributing to consistent sprint delivery and smooth collaboration across the development lifecycle.

## EDUCATION

### Diploma In ICT Applications Development

2025

Cape Peninsula University of Technology · Cape Town

## LANGUAGES

English · Xhosa
